Welcome to the February 2010 edition of the Radio HF Internet Newsletter. I hope you found the special Haiti earthquake edition of the Newsletter helpful. Let's all hope that all of the effort and donations from around the world will help to get the nation back on its feet and relieve the suffering of the people affected by this unbelievable natural disaster.

We're just about one month away from this year's edition of the Winter SWL Festival in Kulpsville, Pennsylvania. I am looking forward to attending again. I have again included the link to the Winter SWL Festival webpage in this month's Radio Zone. If you are planning on attending, please drop by the CIDX/Radio HF display and say hello.

I'm also looking forward to my annual Superbowl party on Sunday. The same group of friends have gathered at our home every year since 1988 to watch the game. This year's match between the New Orleans Saints and the Indianapolis Colts should be a good one. Going by experience, Indianapolis should come out on top, but the sentimental favourite has to be the Saints, not just for the team, but for the city of New Orleans. Can you imagine the Mardi Gras celebration they'll have this year if they manage to pull it off. Either way Superbowl Sunday will be a fun day of football, friends and food for us! Enjoy the game.

Our Monthly Special Zone features Chinese New Year, St. Valentine's Day, Mardi Gras, Darwin Day and the Great Backyard Bird Count.

Our virtual voyage around the world, in the "Where in the World Zone", this month takes us to Central America, to the country of Belize. Belize (formerly British Honduras), has a diverse society, composed of many cultures and speaking many languages. Although Kriol and Spanish are spoken among the population, Belize is the only country in Central America where English is the official language. It is bordered by Mexico to the north, Guatemala to the south and west, and the Caribbean sea to the east.

WORKMAN ELECTRONICS

When you need an adapter

You can never have enough different types of adapters; BNC to SMA; UHF to BNC, UFH to UHF, N to UHF; even the bizarre ones. Ever see a SO-239 to NMO mobile mount? Yes, you can screw in an antenna with a PL-259 base into an NMO mount and screw it on to your NMO base. Workman Electronics offers them all.

You can check out all the models available on the following Workman webpage
http://www.workmanelectronics.com/category/adaptersrf.htm

Radio HF stocks many of these adapters and we can easily order the ones we don't stock regularly. Quality adapters at very affordable prices from Workman and Radio HF.

Please contact Radio HF for pricing and availability.

UTILITY RADIO - VIRTUAL MUSEUM OF RADIO COMMUNICATIONS

http://www.utilityradio.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

On this page you will find here a collection of old things from ancient times. This little private museum is about Utility Radio; that is about everything on the airwaves, which is not broadcasting for the public or experimental radio from licensed radio amateurs, so-called HAMs. Utility Radio is still alive yet even your mobile phone is part of the whole thing. But this little museum will deal with radio communications in the frequency range from 0 to 30 MHz only, the classical long-, medium-, and short-wave range. Also you will not find very much information on what is going on in the Utility Radio spectrum nowadays, even though some of the stations presented here may still be 'on air'.

23RD ANNUAL WINTER SWL FESTIVAL

http://www.swlfest.com

VIA Richard Cuff, Allentown, Pennsylvania

The Winterfest is proud to announce their new webpage. The Winter SWL Fest is a conference of radio hobbyists of all stripes, from DC to daylight. Every year scores of hobbyists descend on Kulpsville, Pennsylvania, just outside Philadelphia, for a weekend of camaraderie. The Fest is sponsored by NASWA, the North American Shortwave Association, but it covers much more than just shortwave; mediumwave (AM), scanning, satellite TV, and pirate broadcasting are among the other topics that the Fest covers. You're sure to find a welcome from your fellow hobbyists. This year's event will be held on March 5 and 6.

CENTRALIA, PENNSYLVANIA MINE FIRE

http://www.pahighways.com/features/centralia.html

VIA Sheldon Harvey, Greenfield Park, Quebec

The town of Centralia, Pennsylvania is all but abandoned due to an underground coal fire that has been burning since 1962! State officials say the fire continues to burn uncontrolled and could for hundreds of years, until it runs out of fuel. One of their biggest concerns is the danger to tourists who often cluster around steam vents on unstable ground. After years of delay, state officials are now trying to complete the demolition of Centralia, a borough in the mountains of north-eastern Pennsylvania. In 2006, there were 16 properties left standing. A year ago, the town was down to 11. Now there are five houses occupied with fewer than a dozen holdouts.

GIANT MONSTER MOVIES

http://www.giantmonstermovies.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

Man, this site was made for me. Monster movies are one of my guilty pleasures, particularly the 50's and 60's Japanese films. Yes, my wife thinks I'm nuts, but if one of these films comes on TV, even if I've seen it 20 times, I can't turn it off. Giant Monster Movies is a reference for fans of films with enormous creatures. The webmaster says "We've had more than a few debates about what constitutes a giant monster (Do dinosaurs count? They're supposed to be big!), but in the end we'll probably include anything larger than seven feet tall and life-threatening."
